(Signed) Governor of Ohio. Report of Hon. Thos. M. Key. COLUMBUS, April 23, 1861. Hon. Wm. Dannison, Governor of Ohio. Sir:

—At your request, I now reduce to writing a report of the result of my interviews with Gov.

Magoffio, at Louisville, Ky., on the 20th inst. At a very late hour on the night previous I delivered him your communication, dated on the 18 and he appointed nine o'clock of the next morn-ing for our meeting, at which hour I called at his room, and we remained alone in conversation for a long time, the details of which I have verbally reported to you on my return. Our conversation was very protracted, covering the general relations of the two States at the time, and the points upon which there was fear of a collision between their citizens, but its substance may be briefly given. I stated to Gov. Ma goffin that I came as a messenger from you, for the purpose of coversation merely to express your regret that any circumstances should threaten the continuance of the good understanding and friendly relations which had always existed be-tween Ohio and Kentucky, and your desire and etermination to employ your Executive influence and authority to prevent any attack of ag-gression by citizens of Ohio against the State or

The orthography of the Worcester Dictionary is that used by most, if not all, authors of distinction in this country and England, and conforms to the general usage of ordinary writers and speakers.

Whatever prejudices may have existed previously, a careful study of this volume will invariably be followed by a warm appreciation of its great merits, and a desire to add it to the well selected library, be it large or small, it is a library in itself, and will remain an imperishable record of the learning of its compiler.

To Col. T. L. CRITTENDEN:—Dear Sir—I have received your communication of yesterday, in which you say you have been instructed by the Hon B, Magoffin, Governor of Kentucky, to solicit the co-operation of the Hon. O. P. Morton, Governor of Indians, and myself in an effort to bring about a truce between the General Government and the seceded States, until the meeting of Congress in extraordinary session, in the hope that the action of that body may point out the way to a peaceful solution of our national troubles. In reply I have to remark, that, believing the General Government to be that, believing the General Government to be wholly in the right, I can see no reason for the interposition suggested. If it be desired by Governor Magoffin, I will cordially unite with him in an appeal to the seceded States at once, to return to their allegiance to the Government the Union, and thus terminate the difficulties which their conduct has brought upon the country. Any other peaceful solution is impossible. A truce would only aggravate the impending evils. Please submit this communication to the Hon. Gov. Magoffin. With great respect, Very Teuly Yours, W. DENNISON.

## Ayer's Sarsaparilla

A compound remedy, designed to be the most effectual Alterative that can be made. It is a concentrated extract of Para Sarsapurilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellowcitizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following

complaints:-SCROPULA AND SCROPULOUS COMPLAINTS ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AF-PECTIONS, MERCURIAL DISEASE, DROPSY, NEU-RALGIA OR TIC DOULOUREUX, DEBILITY, DYS-PEPSIA AND INDIGESTION, ERYSIPELAS, ROSE SPLENDID on Sr. Anthony's Fine, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great pro-moter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, cruptions, or sores; cleanse it when you find it is ob-structed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of

life is disordered or overthrown. Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla,

or any thing else. During late years the public have been mised by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatev-er. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has becomsynonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on

Ayer's Cherry Pectoral has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been com-ployed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.
